

# On-Demand Development Support Services Webinar

Do you wish that you could receive quick and ad-hoc assistance from application development experts?

**Thursday, December 8th 2011  
at 10AM CDT and 6PM CDT**

TEAM recently announced our new On-Demand Development Support Services which provide quick access to application development support resources when you need it. Avoid the hassles of a formal SOW for every development assistance request and gain the flexibility to get the development guidance you need, when you need it. Join us for a webinar to learn more about TEAM's professional support services, extensive expertise with Oracle WebCenter Content (formerly UCM), Portal, Sites (formerly FatWire), Social and our new support offering.

In this webinar you will learn:

- What type of organization the Development Support services are designed to support
- What types of implementations are supported
- How the Development Support model works
- How you can get started

To learn more about TEAM's On-Demand Development Support services, register for one of our two sessions today:

[Session One: 10AM CDT](#)

[Session Two: 6PM CDT](#)
